\$1.50 Silk Poplins at 59c a Yard.
The Sale Will Begin at 10 O'Clock

HERE'S another strong demonstration of the supremacy of our buying organization. Identical
grade and patterns of Silk Poplins that are being sold in the city at \$1.50 a yard are offered here
Monday at 59c. That's a difference of 91c on a yard. This does not mean that the concerns that are
selling these silks at \$1.50 a yard are making an excessive profit
on them—not at all. Owing to our having purchased exactly
3,008 yards at less than half price, we are able to offer them so
ridiculously cheap. These are the very finest grade of French
Poplins and will wear until you get tired of them. Made of silk
and wool. It is the most desirable silk of to-day for suits, waists, etc.; the styles are exceedingly pretty;
in checks and small broken plaids, in green and wine, blue and brown, blue and green, plum and green,
red and green and red and black combinations, fully 20 inches wide; \$1.50 quality; per yard..... **59c**

everything else, for as little as we possibly can, and we give you
the benefit of every advantageous purchase.

Bargain News from the Carpet Dept.
THE condition of our stock calls for heroic action. There are
many rolls of Carpets and Linoleums that must be dis-
posed of, also surplus quantities of Mattings and Rugs that must
not show on the books the first of the year, when stock-taking
time comes. The loss of profit is trivial compared with the advantage of hav-
ing stock in right condition.
